 - **#5C** fits tight. Up to 2" wall thickness. \$255
 - **#6C** up to 3" wall thickness. \$255
 - **#7C** up to 3.5" wall thickness. \$255
 - **Extra stoppers** available for all cannulae \$60

- **Cannulae 2-3" center diameter. Stopper included.**
 - **#8C** 3" center diameter. A small hand will fit through 3" \$255
 - **#10C** 3" rubber. Light weight. Goats. \$190
 - **#11C** 2" rubber. Light weight. Goats. \$175
 - **Extra stoppers** available for all cannulae. \$35-55
 - **Washers** \$85-110

- **Other good stuff**
 - **#11E-S** Esophageal cannula for Sheep \$150
 - **#CP1** Hand Soap (you'll want this!) \$15

- **A few comments about small cannulae**
 - Small ruminants are harder to fit than large ruminants.
 - The #8C is best for calves but may be heavy for sheep and is very heavy for goats.
 - Although the #10C and the #11C are very soft and light weight rubber, they do not stay in as well as the plastisol cannulae.
 - Washers are heavy.
 - The #5C, #6C and #7C cannot be removed after inserted because a hand will not fit through the center.
 - See www.bardiamond.com for more detailed information and photos.
